

Goat Kid Starter Kit

Ultra Start® • Sav-A-Kid® • Electrolytes Plus

Ultra Start® provides a supplemental source of nutrients to goat kids and other baby animals less than 4 days old that do not receive enough maternal colostrum. Sav-A-Kid® is a milk replacer to be fed to goat kids from the second day of life through weaning. Sav-A-Kid® may also be used as a dry top-dress supplement for kids and goats. Electrolytes Plus is a concentrated nutritional hydration supplement fortified with dextrose, glycine, sodium bicarbonate and direct-fed microbials to help replenish energy and electrolytes during periods of stress in goats and kids. Electrolytes Plus contains a source of live (viable) naturally occurring microorganisms.

FEATURES AND BENEFITS

- **Ultra Start** contains 25% fat, 35% protein, and 40 grams of IgG from pure Bovine colostrum and serum.
- **Sav-A-Kid** provides complete nutrition for all types of goat kids, with all milk proteins for superior digestibility.
- **Electrolytes Plus** is a concentrated energy and electrolyte supplement with beneficial microbials, for use during scours (diarrhea) or other stress.
- Each **Goat Kid Starter Kit** includes the following:
 - 4 lb re-closable bag Sav-A-Kid Milk Replacer
 - 1 lb re-closable bag Ultra Start Colostrum Supplement
 - 2 - 6 ounce packets of Electrolytes Plus Supplement
 - 1 flutter valve nipple (screws onto a soda bottle)
 - "Tips for Hand Raising Goat Kids" Brochure
