

Newborn Calf Pac™

Colostrum Supplement • Hi-Nutra® PLUS CMR • Electrolytes Plus

Sav-A-Caf® Colostrum Supplement provides a supplemental source of nutrients to dairy and beef replacement calves less than 4 days old that do not receive enough maternal colostrum. Hi-Nutra® PLUS is a nutritionally complete milk replacer to be fed to herd replacement calves from the second day of life through weaning. Hi-Nutra® PLUS contains a source of live (viable) naturally occurring microorganisms. Electrolytes Plus is a concentrated nutritional hydration supplement fortified with dextrose, glycine, sodium bicarbonate and direct-fed microbials to help replenish energy and electrolytes lost during periods of scours (diarrhea) or other stress. Electrolytes Plus contains a source of live (viable) naturally occurring microorganisms.

FEATURES AND BENEFITS

- **Sav-A-Caf Colostrum Supplement** contains 55 grams of globulin protein from Bovine serum and colostrum, fortified with vitamins and minerals.
- **Hi-Nutra PLUS** provides complete nutrition and our exclusive blend of ingredients to support digestive health.
- **Electrolytes PLUS** is a concentrated energy and electrolyte supplement with beneficial microbials, for use during scours (diarrhea) or other stress.
- Each **Newborn Calf Pac** includes the following:
 - 1 lb re-closable pouch Sav-A-Caf Colostrum Supplement
 - 9 lb re-closable bag Hi-Nutra PLUS Calf Milk Replacer
 - 2 - 6 ounce packets of Electrolytes Plus Supplement
 - Information booklet "Guide to Raising a Healthy Calf"
